

# BOS INDICUS BREEDS ADVANTAGE FIELD DAY

Sunday 28th June 2009 — 9:00am At  
“Mingele” 2029 Daylesford - Malmsbury Road, Drummond 3346

Featuring Quality Exhibits  
on display also nominated  
stock **for sale** from the  
following breeds

## BRAHMAN

Field day purpose:

If you have ever had an interest in using bos indicus in your commercial herd or you are already a keen breeder that would like to know more about your breeds characteristics and how to improve your herd with leading Bos Indicus genetics — Then this day is for you!

A classifying and selecting workshop will be pointing out the desired traits of the breeds and how to overcome problems with smart breeding for a productive and economic future in the changing climate that we are now in.

## SANTA GERTRUDIS

The day will showcase a selection of the bos indicus breeds from some of the leading breeders in Southern Australia. This will include heifers, cows, bulls, samples of penned commercial cattle and trade stock. A range of leading herd and stud sires will be for sale on the day.

## DROUGHTMASTER

Speakers:

Brett Coombe, Roxborough Brahman Stud, Moura, Qld. Brett is past President of the ABBA and Chairman of the Rockhampton Junior Beef Show Committee. He also manages an aggregation of four properties running 8000 commercial cattle for Woods Land & Livestock.

Andrew Byrne is a Technical Officer with Southern & Tropical Beef Technology Services based at ABRI in Armidale.
